MISSION
The Community Reintegration Program is a psychiatric rehabilitation program dedicated to providing the supports and services necessary for mental health consumers to achieve their optimal level of social and occupational functioning. We will provide therapeutic, social, and recreational opportunities that promote the achievement of mental health goals, teach skills, and address quality of life issues.

WHAT IS THE COMMUNITY REINTEGRATION PROGRAM?
The Community Reintegration Program (CRP), is a group oriented psychiatric intensive outpatient treatment program. Programming focuses on addressing individual issues, decreasing the need for inpatient psychiatric admission, and improving daily functioning.

WHAT ARE THE GOALS OF CRP?
- To promote mental health and wellness
- To provide support for mental health consumers
- To provide group therapies and interventions that help people with mental health issues achieve their goals
- To strengthen feelings of self esteem and self-efficacy
- To help strengthen family support and provide linkage to resources.

WHO IS CRP FOR?
CRP is for people who want to learn about and better manage their psychiatric disorder. For most people who attend, CRP is a stepping stone. After completing the program most people go on toward achieving their longer term goals, like returning to work or school, some people transition to other programs like vocational training.

OVERVIEW OF CRP
CASE COORDINATION
Each client is assigned a Primary Coordinator who collaborates with the client to establish achievable treatment goals.

ATTENDANCE
Clients are expected to attend four days per week for the full program day (9:30am to 3pm).

FUNDING
Medicaid, some, HMO PPO and POS plans

SERVICES OFFERED
Group Therapy, Educational Groups, Occupational Therapy, Medication Management, Case Management, Family Interventions, Recreational Activity, Music Therapy, Linkage and Referral

OUR LOCATION
We are located on the seventh floor of the Neuropsychiatric Institute in the Department of Psychiatry at 912 South Wood Street. We are just west of the University of Illinois Hospital.

DIRECTIONS
The University of Illinois Medical Center is located just west of downtown Chicago. The Medical Center can be easily reached from the Eisenhower Expressway (I290) and the CTA Blue Line (Illinois Medical District stop) or the Pink Line (Polk stop).
