## Message from our Chair

We are having a busy Summer – new trainees, new faculty and planning for the Research Extravaganza in September. Congratulations to trainees and faculty who received competitive awards both within UIC and from external professional organizations and academies. This is important recognition for the excellent work they do both in the educational and research domains. It is an honor for us to host Joseph Ledoux, PhD, as the keynote speaker for our Research Extravaganza – an event that has gained considerable recognition across campus. Our interdisciplinary programs continue to grow with new and vigorous collaborations with the hospital and other departments within UI Health.
